Sumitomo (SHI) Demag

Company introduction

Our Company | Sumitomo Heavy Industries

Sumitomo Heavy Industries (SHI)

Head Office: Shinagawa/Tokyo, Japan

Foundation: 1888

Employees: 24.500

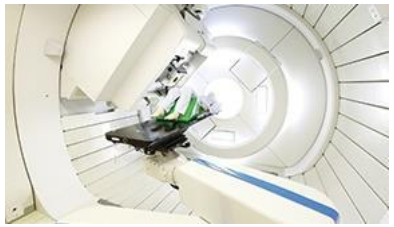
- Roots of all Sumitomo companies go back to 1630
- All key components are developed and produced

  by SHI in-house
- Manufacturing excellence: from nanotechnology to enormous steel structures

Machinery Components

Precision Machinery

Construction Machinery



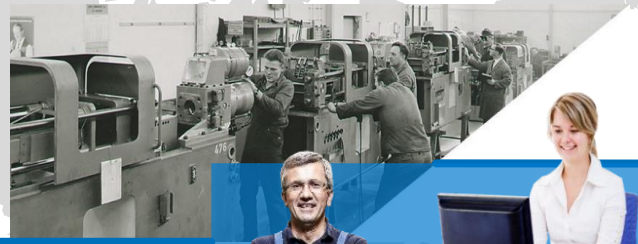
Industrial Machinery

Ships

Environmental Facilities & Plants

Our Company | Sumitomo (SHI) Demag

70
Years of Experience



3.000
Employees Globally

4 Production Facilities

30 Subsidiaries

149.000
Installed Machines Worldwide

71.000
All-Electric Machines Worldwide

800
Million € Turnover

7.000 **IMM/Year**

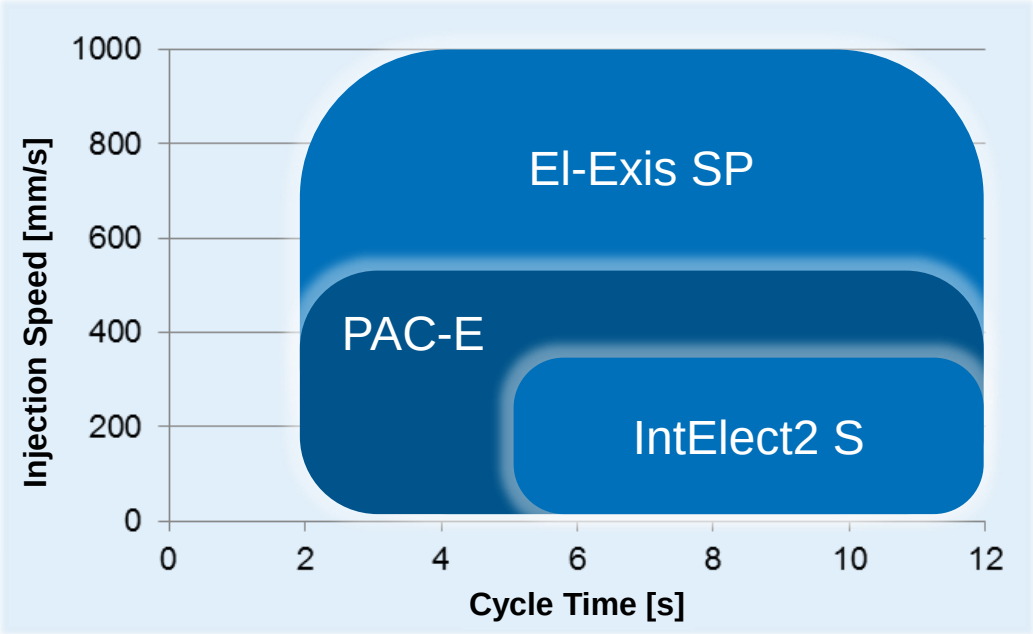
PAC-E

The new all-electric high-speed benchmark

Clamping Force < 450 tons



El-Exis SP

+ Fastest machine on the market
+ Proven & reliable
- Energy consumption
- Cleanliness

IntElect

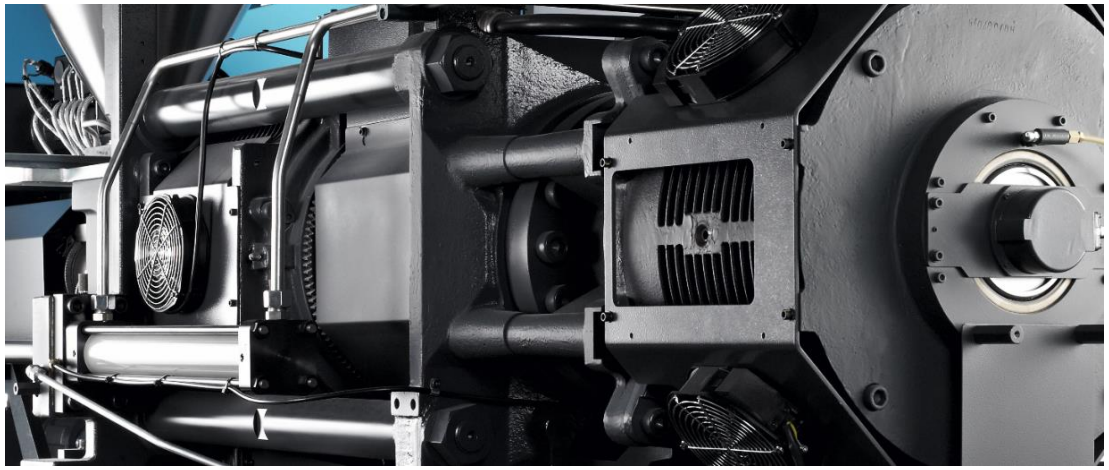
+ All-electric technology
+ Energy consumption
- Limited in fast cycle times
- Limited injection speed

All-electric market leader

Close to 80.000 all-electric machines in the market

Leading in direct drive technology

In-house drives and controls manufacturing



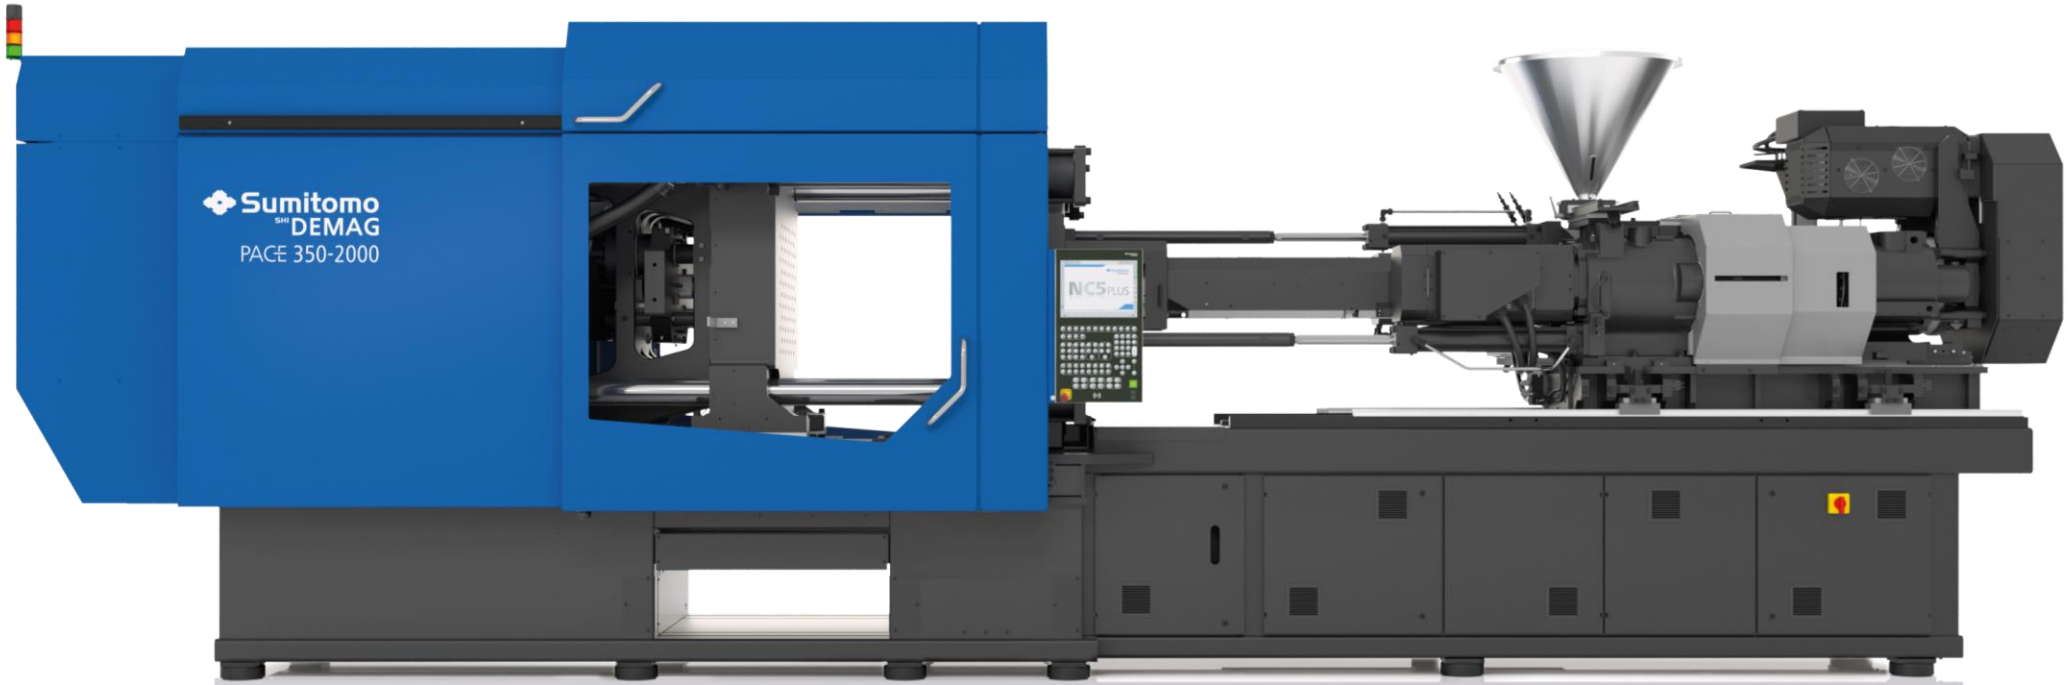
Market leader in packaging

3.500 packaging machines in the market

Dedicated Business Development Team

Focus on applications

PAC-E | The new all-electric high-speed benchmark



Developed on a global platform
